DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/05/2006 has been entered.

Information Disclosure Statement

2. Claims are allowed. Applicant has filed an RCE so that the examiner would consider the newly submitted IDS. The Examiner has done so. It is noted, however, that several of the literatures in the IDS and cited in the international search report were cited in previous rejections and have been overcome by amendment, such as Hashimoto et al, and Jenner et al, and the other literatures have been of record since 2001. Notwithstanding their lengthy availability to 3 different examiners of record, the current examiner has again perused the literature, international search report, and foreign patent documents recited in the new IDS. No prior art relevant to the current claims is found.

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven H. Standley whose telephone number is (571) 272-3432. The examiner can normally be reached on 8:00-4:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor Janet Andre can be reached on (571) 272-0867. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
